Professional Summary

Aspiring Software Engineer and QA Automation Engineer with hands-on experience in Java, Selenium WebDriver, SQL, Manual Testing, and Automation Testing. Trained at QSpiders in Java Automation Testing with a strong foundation in software quality assurance and application development. Passionate about building reliable, scalable software solutions and continuously improving technical expertise through practical learning and project development.

Technical Skills

Programming Languages

- Java
- SQL

Automation Testing

- Selenium WebDriver
- TestNG
- XPath
- CSS Selectors
- Automation Framework Basics

Manual Testing

- SDLC
- STLC
- Functional Testing
- Integration Testing
- System Testing
- Test Case Design
- Defect Reporting

Database

- SQL Queries
- CRUD Operations
- Joins
- Constraints

Tools

- Git
- GitHub
- IntelliJ IDEA
- Eclipse
- JIRA

Projects

Student Tracking System — Core Java, SQL

- Developed a Java-based Student Tracking System to manage student records efficiently.
- Implemented CRUD operations using Core Java and SQL.
- Applied Object-Oriented Programming concepts, exception handling, and input validation.
- Enhanced data management and retrieval processes through structured database operations.

Automation Testing on SBI Website — Selenium WebDriver, Java, TestNG

- Automated login, navigation, and validation scenarios using Selenium WebDriver.
- Developed reusable automation scripts using Java and TestNG.
- Executed functional and regression testing through automated test cases.

Core Java

- Object-Oriented Programming (OOP)
- Collections Framework
- Exception Handling
- Arrays and Strings
- File Handling
- Multithreading Basics

Professional Training

QSpiders

Java Automation Testing with Selenium

- Core Java
- Selenium WebDriver
- TestNG
- JDBC Basics
- Manual Testing
- Automation Framework Basics

Leadership Experience

- President, AI DS Student Association
- Class Representative (CR)
- Organized Hackathons, Workshops, and Technical Events
- NPTEL Software Engineering Certified

- Improved testing efficiency and reduced manual testing effort.

Manual Testing on SBI Website

- Designed and executed test cases based on functional requirements.
- Performed functional, usability, and validation testing.
- Identified, documented, and reported software defects.
- Participated in defect tracking and test execution activities.

Education

B.Tech – Artificial Intelligence Data Science 2022 – 2026

Viswam Engineering College, Madanapalli

Intermediate (MPC) 2020 – 2022

Bharathi Junior College, Madanapalli

SSC 2019 – 2020

Indian Public School

Certifications

- Java Automation Testing with Selenium – QSpiders
- NPTEL Software Engineering
- MERN Stack Development – AlgoPrep
- IBM Cloud Fundamentals
- NPTEL Internet of Things (IoT)
